

INNOVATUM Ltd. QUALITY POLICY

ISO 9001:2008 certificate : GB18693 external audit 2012; 2017

INNOVATUM Ltd provides the design, manufacture of subsea survey equipment in UK and also the operation of subsea survey equipment , and operation of subsea remotely operated vehicles, world-wide. The company has developed its expertise since its establishment in January 2008, and its aim is to achieve a consistently high standard of construction and service to its customers.

Our Quality Policy is defined and strongly driven by the following management principles and behaviours:

- Build a mutually profitable relationship with our customers, ensuring their long-term success, through the understanding of their needs and the needs of their own customers.
 - Achieve our commitments for quality, cost, and schedule.
 - Enhance the systematic research and use of best preventive practices at all levels and ensure reliable risk management.
 - Drive continual improvement and innovation of our products and services, based upon efficient business processes, well-defined measurements, best practices, and customer surveys.
 - Develop staff competencies, creativity, empowerment and accountability through appropriate development programmes and show strong management involvement and commitment.
-
- Comply with all UK and local law as appropriate.

INNOVATUM Ltd. strives to be the best provider of the above services in the industry. Through the use of these guiding principles, all employed by INNOVATUM Ltd. are accountable for fully satisfying our customers by meeting or exceeding their needs and expectations with best-in- class solutions and services. Our goal is 100% customer satisfaction 100% of the time.

The Directors, Management and Staff are responsible for Quality Control through the Quality Management System, seeking improvement by constant review, with suppliers and sub-contractors being encouraged to co-operate. The Company is committed to achieving customer satisfaction by the use of quality procedures which will be operated to meet or exceed the requirements of ISO 9001.
